Gus Shimrak
Sterile Environments
Cleveland, OH 44022
216.832.4441

Dear Mr. Shimrak,

Thank you so much for the antimicrobial treatment of our fitness facility using Sterile Doctor. It is great comfort to know that we are at low risk for spreading bacteria and can keep our members safe and healthy. Reducing the spread of illnesses is very important in the fitness industry and puts our members' minds at ease.

After reading our 120-day post Sterile Doctor surface assessment of the treated areas, we are amazed with the results and the amount of reduction of bacteria on all surfaces. We highly recommend other facilities to use your product to help eliminate their levels of bacteria as well.

Dynamic Fitness looks forward to maintaining our relationship with Sterile Environments for years to come!

Sincerely,

Bryan McIntosh
Owner
